Dilshod Ramatilloev

(998)936604530 | iamdilshodboy@gmail.com | Tashkent, Tashkent

Summary

I possess a diverse professional background in software development, with expertise in frontend development, web application maintenance, and agile methodology. I have experience in managing teams, planning sprints, conducting meetings, and assisting other developers. My skills in design patterns, architectural solutions, testing, debugging, and refactoring have contributed to successful projects, including CRM systems, POS systems, ecommerce platforms, and landing pages. My commitment to excellence and problem-solving abilities make me a valuable asset in the industry.

Experience

Invan LLC | Tashkent, Tashkent
Lead Front End Developer | 09/2022 - 03/2023
Responsibilities:

- Conduct daily stand-ups, retrospective meetings
